Dandelions

I am persuaded by the dandelion
To take the wings of the updraft
To parachute into unknown country
To fall into the ground, To be walked on
To lose beauty, To die
And so give birth to whole new generation of flyers

This poem has so much meaning. Dandelions seem to get in places which seem impossible to survive in, but they do. We just need to let the wind of the Holy Spirit blow on us and lead us on to all that God has in store for us. We may not end up where we think, but it will be we He intends us to be. Primley Church is stepping forward into something new and unknown. We don't know what the future holds for us all, but we go on in faith, and trust that God does!
